

Denmead and Waterlooville

Bus Boss Map v 1.4

for 3-4 players
 by Richard Smith 2023
 with help from Jim Reader and Bob Gingell

Notes:
 Unlike my New Forest map, this is not based on real routes, and some are barely wide enough for a bus. There are 4 intersections at motorway junctions: Intersecting routes are shown as the build cost for the whole route, with the number of stops in each section in brackets and linked via a dotted line.
